

## **DELTA DRONE INTERNATIONAL SIGNS 3-YEAR CONTRACT WITH RED 5 LIMITED SUBSIDIARY FOR DRONE SERVICES**

DARDILLY – 8 JUNE 2022 – 6 PM

### **HIGHLIGHTS**

- **Rocketmine (WA) Pty Ltd (subsidiary of Delta Drone International) signs contract for drone surveying services with Red 5 Limited (via wholly owned subsidiary, Greenstone Resources (WA) Pty Ltd) in Western Australia.**
- **3-year contract with a Total Contract Value (TCV) AU\$1.01m and Annual Recurring Revenue (ARR) of AU\$336k for services to the King of the Hills and Darlot mines.**
- **Red 5 Limited is an Australian ASX listed gold producer with established mines located in the Eastern Goldfields of Western Australia.**

Global drones-as-a-service provider, Delta Drone International Limited (**ASX: DLT**) is pleased to announce it has signed a contract with Red 5 Limited (via wholly owned subsidiary Greenstone Resources (WA) Pty Ltd) in Western Australia for drone surveying services.

The contract is for three years and has a Total Contract Value (TCV) of AU\$1.01m and Annual Recurring Revenue (ARR) of AU\$336k (billed monthly). Services are for the King of the Hills Mine (KOTH) and Darlot Mine

The contract is subject to a termination clause of 90 days' notice plus an early termination exit fee equivalent in value to 3 months of contract fees.

Red 5 Limited is an Australian gold producer with established mines located in the Eastern Goldfields of Western Australia. The Company is listed on the Australian Securities Exchange (Ticker: RED). Red 5 owns and operates the King of the Hills (KOTH) Gold Project, located approximately 900 kilometers north-east of Perth in the Leonora-Leinster mineral province of Western Australia. Red 5 also owns and operates the Darlot Gold Mine located approximately 100 kilometers north of KOTH.

**DLT CEO Christopher Clark said:** *"We are pleased to be officially working with Red 5 and to provide frequent aerial surveying support which can be delivered efficiently and effectively to the business across a number of areas including for open pit mining, stockpile, processing area and for environmental purposes."*

**Christian Viguié, CEO of Delta Drone SA said:** *"This first major contract signed in Australia validates the success of our implementation and our ability to duplicate the model that made Rocketmine successful in Southern Africa. It contributes to a good commercial dynamic for the entire Group. In France, several missions in the field of security have recently been successfully carried out, with the implementation of wired ISS Spotter systems on the occasion of events with very high notoriety (La Ferté-Alais air show, Roland-Garros Tournament). At the recent Cannes Film Festival, a wired ISS Spotter system was positioned as a recourse in case of requisition by the police. »*

***About Delta Drone International:*** Delta Drone International is a multi-national drone-based data services, training and technology solutions provider for the mining, agricultural and engineering industries. It provides aerial surveying and mapping, security and surveillance, and blast monitoring and fragment analysis through a fully outsourced service with AI and fast data turnaround that allows enterprise customers to focus on operations on the ground while Delta Drone International takes care of everything in the air.
